AMERICA'S LAST WORD TO GERMAN EMPIRE

WHITE HOUSE ISSUES ULTIMATUM AND DEMANDS IMMEDIATE REPLY

WILSON READS MESSAGE BUT ASKS NO ACTION

SIMPLY INFORMS BODY OF U-BOAT ACTIVITIES OF GERMANY

DIPLOMATIC RELATIONS MAY BE BROKEN OFF

HISTORY SHOWS COURSE CERTAIN TO CALL FOR DECLARATION OF WAR

WASHINGTON, APRIL 19.—THE PRESIDENT EXPLAINED THAT HIS NOTE TO GERMANY IS ULTIMATUM, BUT THAT IT DOES NOT CONTAIN A TIME LIMIT. THE DEMAND IS MADE, HOWEVER, THAT GERMANY REPLY IMMEDIATELY.

WASHINGTON, APRIL 19.—THE PRESIDENT NEVER HAS BEEN NEUTRAL. HE HAS BEEN ON THE ENGLISH SIDE ALL OF THE TIME," SAID MINORITY LEADER MANN IN AN INTERVIEW. "I THINK IT IS A MISTAKE TO BREAK WITH GERMANY."

PARIS, APRIL 19.—THE KAISER DECORATED THE COMMANDER OF THE SUBMARINE WHICH IS SAID TO HAVE TORPEDOED THE SUSES, ACCORDING TO INFORMATION RECEIVED FROM RELIABLE SOURCES.

Washington, April 19.—Unofficial advice from Berlin say that Germany "does not want to break with America and will make whatever concessions the American government asks."

Wilson Note Goes to Germany.
Washington, April 19.—President Wilson sent a note to Germany this morning, warning her that unless attacks on merchantmen carrying Americans in violation of international law are stopped, diplomatic relations will be severed. The president revealed the facts to Senators St. Paul and Lodge and Representative Fisher, members of congressional foreign affairs committee at a White House conference. The demand to stop illegal submarine warfare the president told the leaders to make clear. The president says if Germany still cares to conduct her submarine warfare according to the accepted rules of international law, America will be glad to continue her relations with German Empire.

President Reads His Message to Joint Session.
A remarkable scene was presented in congress at one o'clock this afternoon when the president appeared. The tension was marked. The president's message was pointed and to the mark.

The president told congress, assembled in joint session, that he had given Germany irrevocable notification that the United States will break off diplomatic relations if her illegal submarine campaign is continued.

The note is America's last word.
It is practically an ultimatum and demanding an immediate reply.

It presumably was in the Berlin foreign office as the President was speaking. It was dispatched last night, and according to the President's plan it was before the German government at the same time he was addressing the American congress.

President Wilson asked no action whatever of congress. He simply forced it of an accumulation of facts, proving that Germany's assistance to the United States are being violated, and that the submarine campaign, despite the earnest protest of the

AGENTS MCPHEETERS AND GREAT INTEREST SHOWN
IN NABB ADDRESS FARMERS

A Guthrie district agent of the state department of agriculture and U. S. collectors, many farm-owners, addressed a large meeting of farmers and their families at Pleasant Valley, about twelve northwest of Muskogee, last night. P. P. Scott presided at the meeting and after the address of the government agents, talk was held by several of the farmers. The most interesting affair was the Pleasant Valley Farmer's Club, organized with P. P. Scott, president and W. R. Scott, secretary and treasurer.

This club is an organization of farmers and their families for mutual improvement and betterment of the community. It is educational, social and financial in character. It will encourage better and more scientific farming and promote better health, better educated better social conditions by study, education and frequent meetings for comparing methods and results along all lines of personal endeavor.

LIFE SENTENCE FOR

THE MODERN PIRATE

Washington, April 19.—British sailors alias Clarence R. Hudson, who forcibly took possession of the British steamer "Malabar" of Santa Fe on March 26, re-enacted the crew and compelled the captain to change his ship's course, was sentenced to life imprisonment in the United States district court here today. He will be taken to the federal prison at Atlanta in a few days. Schiller pleaded guilty to the charge of piracy. In a statement he denied that his motive was robbery. He declared he had seized the Malabar believing the vessel carried millions of war for the pirates allied for the cause of Germany.

CABINET CRISIS
IN ENGLAND IS
BECOMING GRAVE

QUESTION OF UNIVERSAL
MILITARY SERVICE IS MO-
MENTOUS ISSUE NOW

(BULLETIN)

London, April 19.—In the House of Commons today Asquith said there were still several material points of disagreement in the cabinet, which if not settled, would result in a break up of the government. The situation is very grave, he said.

London, April 19.—That a grave cabinet crisis exists is undeniable, but according to an authoritative statement, no resignations either ministerial or military have yet been tendered and it will probably be several days before the crisis is ended.

The Marquis of Crewe, lord president of the council, in his statement to the house of lords today, the first official admission of the gravity and complexity of the problems dividing the ministers indicated the possibility that Premier Asquith might not be able to remain in office even on Thursday night in which case the house would sit the following Monday.

Both sides in this momentous conflict are marshalling all their available forces for the parliamentary struggle over Sir Edward Carson's motion for universal military service. Strong ships are out and all the members of the house of commons serving at the front have been granted leave to remain in London until a decision is taken.

Political gossip centers mainly around Minister of Munitions David Lloyd George and Winston Spencer Edison RECORDS BIRDS.

EDISON RECORDS BIRDS.

New York, April 19.—Thomas A. Edison is having "the time of his life" in the wilds of Florida, according to reports reaching East Orange, N. J., yesterday. The electrical "wizard" is making records of the songs of his favorite birds. This is accomplished by a silent recording phonograph he invented.

GRIM RELICS OF WAR FILED IN PIGEON HOLES

PACKAGES LEFT BY THE SOLDIERS JUST BEFORE THE BATTLE

More than 100 students who are serving at the front have just learned that the American ministry of education has decided to award them special privileges in the way of shortening their college courses. At the instance of promising, and thus the zone will be allowed to come three times at the front as a university girl, but as for medical students the authority says "no compensation or deduction to the community are too serious to be liable credit with and those students will be credited with time the half-fallow" in other departments. But through more intensive training and possibly being assigned examinations earlier, the medical students will be given some compensation for their extra work. Their situation is due largely to account of the competition of the young students who have remained at home, pursuing their regular studies and as nothing on their college class of the same class.

now to find a frugality.

BUCKLEY, April 19.—A discussion of how to use a handbag after the war is being carried on in the college of the Peabody. Intense interest is manifested by the number of letters received from young women readers showing their fears that they will be too much to go around. One of them declares her intention to return to the United States in the hope of finding a husband.

Another points out that the unmarried woman returning after the war who has sacrificed deeply for her husband will have to be good and obedient. Others now-a-days are beginning to believe that the wife of a soldier does not make good, "little girls" going to women who have been married to the wives of men who have been married to her, telling her that the soldier's wife "must be as good as the wife of her husband" and expect to obey him in all things, and should be ready, or his wife with his bidding, and never disobeying. So that this becomes such a man and master in the

household as to be a burden.
